

# Construction Induction

**OH&S Building Industry Induction is now called Construction Induction Card CPCCOHS1001A. This is commonly known as Red, White, Blue and even Green Card, depending on your State.**

**This course:**

- Teaches people to work safely in the construction industry
- Is Nationally Recognised
- Is recognised and monitored by WorkSafe
- Is required by all persons participating in onsite activities in the building and construction industry.

Successful students are issued with a statement of attainment on the day of training. This is valid for 60 days and allows the participant to perform construction work while WorkSafe is processing their Construction Induction Card.

The Construction Induction Card course provides participants with the skills and knowledge to work safely in the construction industry including:

- Identifying OH&S legislative requirements
- Identifying construction hazards and control measures
- Identifying OHS communication and reporting processes
- Identifying OHS incident response procedures.

**Photo ID is Required:** You will be required to present a photo ID on the day of training. (Check website for acceptable forms of ID required.)

**IAscend also offers courses in:**

- Traffic Control
- First Aid
- Insulation Installation.
