

First Aid Training

IAscend has a range of First Aid training available from basic to advanced.

You will achieve the skills and knowledge required to provide a first aid response, in a variety of circumstances. This may include basic life support, management of casualty(s), the incident and other first aiders until the arrival of medical or other assistance.

More advanced courses may allow for the establishment and maintenance of facilities to enable or facilitate the provision of appropriate first aid in the workplace. It may also help address specific workplace and/or relevant legislative requirements in relation to OHS and provision of first aid.

Application of tailored programs

Our instructors contextualise the programs as required to address specific industry, enterprise or workplace requirements and to address specific risks and hazards and associated injuries, making them relevant in many varied industries from child care, to hospitality, to factory, site and/or office workers.

Programs available include:

HLTCPR201A	Perform CPR
HLT FA201A	Provide emergency life support
HLTFA301B	Apply first aid
HLTFA404A	Apply advanced resuscitation techniques

IAscend also offer courses in;

- Food Hygiene
- Responsible Service of Alcohol
- Responsible Service of Gaming
- Traffic Control
- Construction Induction
- Insulation Installation

and many other programs.
